## Show Us Your Heart

# GLOBALANGEL

Global Angel gives you the power to help change the world.

The hardships of our world can be pretty overwhelming leaving many people, places, creatures and causes in desperate need of an Angel - it's often confusing knowing where to begin.

Global Angel has streamlined the giving process by creating a platform allowing you to choose how you want to give back.

We've assembled a thoughtfully curated and ever-growing list of charities from around the world, many of which you may recognize and some that you might be interested in learning more about.

Through the purchase of Global Angel products, we can effect change together leaving a positive and lasting impression in our wake.

## Our Founder

*Compassion is passion with a heart.*

Amber Dawn Shopay established Global Angel in 2018 in order to fulfill her desire to give back. She was inspired while on a trip to Mexico with her father, after meeting a group of young kids playing soccer in a dirt field. They told her their greatest wish was to have grass on which to play.

Amber couldn't get the kids out of her mind and this set into motion a series of ideas about how to raise both money and awareness, on a local and global level. It was actually quite simple - every area of the world has a need...and produces a product. What if one could benefit the other?

The happy result is Global Angel, a platform designed to offer high-quality goods that give back to the world, in just the way you choose. You pick the product; you pick the cause, because we're more than just an online shopping destination. We're a far-reaching, communal effort of compassion.

With every purchase our customers become a member of our Global Angel Crew, a circle of like-minded individuals with big hearts hoping to make a difference in our world. The compassion of our crew fills my heart and they are a huge part of why I created Global Angel - to give others the power and inspiration to effect change, one small act at a time.
